English — C1

SOFT SKILLS

Teamwork · Communication · Proactivity · Learning agility · Adaptability · Problem solving · Creativity · Curiosity · Positive attitude

ACADEMIC ACHIEVEMENTS

- ★ **Recognized among Best Academic Records ABAU 2022.**
- ★ **12 Honors degrees (Matrículas de Honor).**
- ★ **Bachelor's Thesis graded 9/10.**
- ★ **Final average grade: 8.7/10.**

INTERESTS

- **Sports:** football, basketball, futsal, and athletics.
- **Music:** music theory and guitar for 5 years.
- **Travel:** getting to know other countries and cultures.

ÁNGEL VILARIÑO GARCÍA

DATA SCIENCE AND ENGINEERING GRADUATE

Graduate in Data Science and Engineering with a solid foundation in predictive modeling, machine learning, statistics, and data engineering. Active follower of artificial intelligence advancements, with a continuous interest in new technologies, models, and tools that are transforming the sector.

TECHNICAL SKILLS

- **Python, R, Java, SQL, Matlab** — programming
- **Neural networks** and Machine Learning techniques
- **Gemini, Copilot, Claude** — Generative AI models
- **Tableau, Power BI** — data visualization
- **Computer Vision** — image, video, and audio
- **Time series** and advanced statistical analysis
- **AWS, Azure, GCP** — basic Cloud knowledge
- **Scikit-learn, TensorFlow, PyTorch, Keras** — ML
- **Prompting, AI Agents, LLMs** — Generative AI
- **Snowflake, DBT, Palantir** — data engineering
- **NLP** and text mining
- **Recommender Systems** and information retrieval
- **Database** design and modeling

EXPERIENCE

Deloitte — Internship — Sep 2025 – Nov 2025 · A Coruña
AI & Data Department

- Training and work with data engineering tools: **Snowflake, DBT, and Palantir**.
- Participation in data engineering projects in a real professional environment, collaborating with multidisciplinary teams on digital transformation initiatives.
- Technical documentation of processes and results of data projects.

EDUCATION

Master's in Big Data Analysis and Visualization
UNIR — Universidad Internacional de La Rioja
Nov 2026 – Jul 2027 · Online
Hadoop, Spark, Kafka, Docker/Kubernetes, NoSQL, D3.js, Tableau, Power BI

Degree in Data Science and Engineering
Universidad de A Coruña
Sep 2022 – Jun 2026 · A Coruña

Scientific Baccalaureate
Calasanz PP Escolapios
Sep 2020 – Jun 2022 · A Coruña

Python Course
Code Monsters
100 hours

Java Course
Centro de Formación Easy System
100 hours
